## HEALING WITH CARE

As Gilbert's first and largest hospital, Mercy Gilbert Medical Center is committed to providing the highest standards of care, and to growing and thriving along with our community.

In just a few short years since opening in June 2006, Mercy Gilbert has achieved national recognition for its healing environment, leadership and efforts toward a healthier earth.

Mercy Gilbert promotes a healing environment that helps patients feel safe and comfortable and reminds our staff why they chose healthcare as their line of work. As a designated Healing Hospital™, all staff and employees must undergo extensive training in this philosophy that promotes a culture of compassionate care.

Mercy Gilbert, Chandler Regional and St. Joseph's Hospital and Medical Center are members of Catholic Healthcare West (CHW), the eighth largest healthcare system in the nation with 40 hospitals in Arizona, California and Nevada.

The hospital has become one of the town's largest employers and has earned "Best Place to Work" by the *Phoenix Business Journal* and *Modern Healthcare*. It has experienced physical growth, adding both to its bed count and service offerings. And it has established a practice of giving back to the community through community grant initiatives, outreach programs and support groups. It has been ranked by *Arizona Business Magazine's* Ranking Arizona as the #1 Small Acute Care Hospital in 2007, 2008 and 2009 and #1 Medium Acute Care Hospital in 2010.
